Keep your chin up when you're feeling lonely
Don't let them get you down
Ain't no use in sitting all alone
Hangin' around for someone to call
Ohh they won't come knocking at all
Don't run and hide even if it hurts you inside
So I said give as good as you get

If you can't beat them join them
You better do it 'cos it makes you feel good
If you can't beat them join them
You're never gonna help yourself

Keep your fingers off my money
Don't try and pull me down
You're taking me out to wine and dine me
Trying to wind me round and around
Invite me to your little contract Ha! Ha!
Rumour has it that you could play dirty
I tell you what I'll do about that
I'm playing at the wrong game yeah!

If you can't beat them join them
You've got to do it 'cos it makes you feel good
If you can't beat them join them
You're never gonna help yourself

If you can't beat them join them
You've got to do it 'cos it makes you feel good
If you can't beat them join them
It's everyone for themselves
