Oh how wrong can you be
Oh to fall in love
Was my very first mistake
How was I to know
I was far too much in love to see

Jealousy, look at me now
Jealousy, you got me somehow
You gave me no warning
Took me by surprise
Jealousy, you led me on

You couldn't lose
You couldn't fail
You had suspicion on my trail
How, how, how, oh my jealousy
I wasn't man enough
To let you hurt my pride
Now I'm only left with my own jealousy

Oh how strong can you be
With matters of the heart
Life is much too short

To while away with tears
If only you could see
Just what you do to me

Jealousy, you tripped me up
Jealousy, you brought me down
You bring me sorrow
You cause me pain
Jealousy, when will you let go

Gotta hold of my possessive mind
Turned me into a jealous kind
How, how, how, oh my jealousy
I wasn't man enough
To let you hurt my pride
Now I'm only left with my own jealousy

But now it matters not

If I should live or die
Cause I'm only left with my own jealousy
