Every time I leave
You say you won't be there
And you're always there
Every time I cry your name at night
You pull close and say it's alright
I look in your eyes, just like the rain
Washing me, rain wash over me
Touching your face, I feel the heat of your heartbeat
Echo in my head like a scream
What you do to me!

CHORUS

Waited so long I can't wait another day without you
Jet City Woman
It's a long way, home to my
Jet City Woman
I see her face everywhere, can't get her out of my mind

Whenever I'm alone I'm thinking
There's a part missing from my heart
Wonder where I'd be without your love
Holding me together now I'm
Watching the time tick, tick away
Face grows longer every day
Fortunes are lost on the women I've seen
But without you I can't breathe
You're the air to me!

CHORUS

Jet City woman
Got to find my way home to her
Jet City Woman
I see her face everywhere I look!
Jet City Woman
Just a thousand miles and I'll be there
Jet City Woman, to make the clouds go away
Time for some blue sky!

Waited so long now the plane's delayed
An hour, reminds me of all our days apart
Hold on, just a little longer

Jet City woman
Wonder where I'd be, you're the air to me
Jet City Woman
Eyes like the rain, rain down on me
Jet City woman
No more nights alone
I'm almost home now
Jet City Woman
Close my eyes, I'm there in my Jet City
