(Album: The Miracle, 1989)

"Who said that my party was all over, huh, huh
I'm in pretty good shape
The best years of my life are like a super nova
A huh, huh, perpetual craze, I said that
Everybody drank my wine - you get my drift
And then we took a holiday on Khashoggi's ship - well
We really had a good good time they was all so sexy
We was bad, we was blitzed
All in all it was a pretty good trip

This big bad sucker with a fist as big as your head
Wanted to get me, I said go away
I said kiss my ass honey
He pulled out a gun, wanted to arrest me
I said uh, uh, babe
Now listen no-one stops my party

No-one stops my party
No-one, no-one, no-one stops my party
Just like I said, ooh
We were phased, we was pissed
Just having a total eclipse
Bop bop, ba dap bap, ee bap bap bap be dap bap, be
de dee, hey
That's good, oh, oo ooo ooooo
This one's on me so let us do it just right
This here one party don't get started 'till midnight
Hey, ahh, everybody
Party to the left
Party to the right
Everyone in the middle doing all up all right
All right, hey
???
Doing all right
Hey, hey hah, hey hey right
Left - right
No-one stops my... haaaa..."
