"Pretty Like Drugs"

Visit "[Pretty Like Drugs](#)" on MotoLyrics.com

The world is watching as i take my last breath
the world is watching as i get undressed
cos im pretty like drugs

the world is watching as my wings unfurl
the world is watching the death of a girl
cos im pretty like drugs

i load the gun
the world is watching with a pregnant pause
the world is watching as i fuck to applause
the world is watching as i plant the last seed
the world is watching me watching tv
cos im pretty like drugs

i load the gun
i wax and wain
subject all my pain onto you baby
cos im pretty like drugs
