Set it off with those i respect for the law of crime set it
off with crazy and insain to love and sex are dreams
about love touching the dream that we met our life as
death means that you can be involved with a police it
means i am nuts and crazy with or without my lover and
my life become a dream of set it off makes a world go
around my life has to change that our dreams will
come true set it off is about love and sex cime and law
insain and crazy to be involved with other people
around me or around the court of law my set it off.
