Words and music by freddie mercury

Stop all stop all (stop all) the fighting
Stop all stop all stop all the fighting
Stop it stop all the fighting
We want to live in a better place (live in a better place)
We want to make a better human race
We want to live in a better place (stop all the fighting)
We want to make a better human race
Stop all the fighting stop all the fighting
Don't do that don't get all excited
You know that know that - not gonna like it
Stop all (stop all) stop all stop all the fighting
We want to live in a better place (yeah yeah yeah yeah)
We want to make a better human race

We want to live in a better place (stop all the fighting)
We want to make a better human race
Stop all the fighting stop all the fighting
Get all excited
You don't have to do that
You're not gonna like it
That's a point of fact
We want to live in a better place
We want to make a better human race for you
We want to live in a better place
We want to make a better human race
Stop all the fighting stop all the fighting
