do you mean it  
do you mean it  
do you mean it  
why don't you mean it  
why do i follow you and where do you go

you've never seen nothing like it no never in your life  
like going up to heaven and then coming back alive  
let me tell you all about it -  
and the world will so allow it  
ooh give me a little time to choose  
water babies singing in a lily-pool delight  
blue powder monkeys praying in the dead of night

here comes the black queen, poking in the pile  
fie-fo the black queen, marching single file  
take this, take that, bring them down to size

put them in the cellar with the naughty boys  
a little nigger sugar then a rub-a dub-a baby oil  
black on, black on ever finger nail and toe  
we've only begun - begun  
make this make that, keep making all that noise  
now i've got a belly-full  
you can be my sugar-baby, you can be my honey chile,  
yes

a voice from behind me reminds me  
spread out your wings you are an angel  
remember to deliver with the speed of light  
a little bit of love and joy  
everything you do bears a will and a why and a  
wherefore  
a little bit of love and joy  
in each and every soul lies a man  
and very soon he'll deceive and discover  
but even till the end of his life, he'll bring a little love

i reign with my left hand, i rule with my right  
i'm lord of all darkness, i'm queen of the night  
i've got the power - now do the march of the black

queen  
my life is in your hands, i'll fo and i'll fie  
i'll be a bad boy - i'll be your bad boy  
i'll do the march of the black queen

walking true to style  
she's vulgar 'buse and vile  
fie-fo the black queen tattos all her pies  
she boils and she bakes and she never dots her "i's"

forget your singalongs and your lullabies  
surrender to the city of the fireflies  
dance with the devil in beat with the band  
to hell with all of you hand in hand  
but now it's time to be gone - forever
