

Queen Latifah "Champion"

Visit "[Champion](#)" on MotoLyrics.com

I don't even care
No more
That's my word
That's for sure
I don't even cry
No more
That's absurd
I'm so cured

I'm so secure
With who I is,
Oops, who I am
And I'm a champion
For sure boy
I'm a champ
Oh, yes I am

But what
I thought about
When those people
Put me down
They can laugh
For now
But watch it
When I turn
This thing around
I know, I believe
Ain't nobody gonna do
It but me
I'm fly, no lie
I'm the truth
Baby ask me why

I'm a champion
I'm a champion

What you say
Don't stick
I'm the best
And I know it
I know you tried
To bring me down

Look at me now
Watch my smile

I'm so secure
With who I am
And I'm a champion
For sure
I'm a champ
Oh, yes I am

But what
I thought about
When those people
Put me down
They can laugh for now
But watch it
When I turn
This thing around
I know, I believe
Ain't nobody gonna do
It but me
I'm fly, no lie
I'm the truth
Baby ask me why

I'm a champion
I'm a champion

Keep your head up
They hatin'
Cause you
Majored in minor
Gonna celebrate
Like you won
The finals
Hold your trophy up
In your parade
In your honor
And pour some champagne
And put your glass
To the sky
'Cause you a champion
You're a champion

I'm a champion
I'm a champion
