There's a light in the darkness
Though the night black as my skin
There's a light burning bright showing me the way
But I know where I've been

There's a cry in distance
It's a voice that comes from deep within
There's a cry asking why
I pray the answer's up ahead yeah
'cause I know where I've been

There's a road we've been travellin'
Lost so many on the way
But the riches will be plenty
With the price, the price we had to pay
There's a dream in the future There's a struggle that
we have yet to win
And there's pride in my heart
'cause I know where I'm going, yes I do
And I know where I've been, yeah

There's a road that we must travel
There's a promise that we must make
Oh the riches will be plenty
Oh the dream in the future
Oh the struggle we must win
Use that pride in our heart
To lift us up
Lord knows i know
Where I've been
