[Incomprehensible]

I stepped into a basement party in Brooklyn  
The brothers was looking as soon as I put a foot in  
A female walked up to me and said, "Latifah bust a  
line"  
I don't think you're on the strength, show me the time

I said, "If you really want to do this, we can do this, fine  
Take six paces and begin to rhyme"  
As soon as she attempted to make a sound  
I ate her up with the verb, broke her down with the noun

'Cause I hate it when someone challenges with me  
But cannot balance with me  
I get annoyed when they can't go blow for blow  
I get pissed when I hear the lyrics a sucker brings

Ha ha, I was thinking the same thing  
Well, I was approached by a whole damn group of them  
Rhyme fiends, biters, and bums  
Took me kind of light, said they wanted to fight  
I kinda got uptight, you didn't do what I think you did?  
Yeah, right

Bash, went the first, smash, went the next one  
What about the third, he started, he started to run  
But to his surprise, his feet must have slipped  
'Cause I snapped that neck before the second step  
You see you may speculate, but everybody knows  
Not one amateur can deal with the pros

These are the pros  
Coming now from Queen Latifah and Daddy-O  
And if you want to hear some more then just follow  
If you like the smooth chanted lyrics then just say, "Bo  
bo bo bo"

There was a time that a man could go  
Anyplace, anywhere without a Rambo  
But now me have to keep me pistol loaded with rhyme  
Have to deal with bad breath biters that step out of line

So when they make a move them surely get a taste of it  
I'm Daddy-O and I don't quit

So feel the flow, y'all, because you're under attack  
From my rhymes, 'cause I'm writing swift rhymes in  
stacks  
And four words to the wack, just stay the hell back  
'Cause it's a fact if you're wack you ain't saying Jack

So we can go rhyme for rhyme if you wish  
But eating you suckers is my favorite dish  
And I warned you suckers if you messed with me  
You'll be the next ingredient in my recipe

Start and don't finish, I'll hunt you down  
And you can't run forever, so you'll be found  
And with nowhere to run, and nowhere to hide  
How you wanna be eaten, boy, baked or fried?

It's Latifah the Queen, pioneer of the mainstream  
I flow just like a pro 'cause it's the same thing  
Suckers have to realize how foolish they sound  
So button your lips and stop trying to be down

I caught you out there, how many times? A lot of times  
'Cause when it comes to mine, you know I gotta rhyme  
Stepping to the right, to the left  
To the best place, well I have to face

A sucker like a pooh-butt, weak and soft  
Riding my bra strap trying to get off  
Understand and know, that if you want to go  
You'd better be ready to flow 'cause I'm a pro

We wax floors with bums, make mocks out of some  
Sting 'em hard, and watch them complain how it stung  
Kidnap the babysitter, lock 'em inside a box  
Daddy-O and the true blue queen of rock
