I can't help but wonder how  
I would be feeling if  
I wasn't here right now  
I finally decided  
I don't need another reason  
For leaving you

I laid you clothes out on the bed  
Don't wanna see you here again  
Put your keys through the letterbox  
And just walk away

#### CHORUS

You always get the best of me  
Your lies and your apologies  
Can't understand what made me so weak  
Well you could try to plea  
But sorry is a word that you'll never need  
See it don't matter what you do  
Cos I already know we're through  
If it ain't feeling right what's the use  
So you could try to plea  
But sorry is a word that you'll never need

You can save those crocodile tears  
Ain't no point, tacking back, what you said  
Cos I don't want to hear it no more  
I'm justified in feeling this way. Ooh yeah

#### CHORUS

Forget about the two of us  
The picture my mind drew of us  
Was just a world that I had made believe

So you could try to plea  
But sorry is a word that you'll never need

#### CHORUS
