Do you really wanna know the reason I turned my back
on you
I think your silence means yeah so don't get mad when
I tell you the truth
It's because of your ways you're grouchy, ugly and
mean all the time
You kick, scratch, punch and you tangle with my mind

If I told you what I was really thinking right now
I would not know how to let it out
So you Gotta

Look in the mirror and see what I see
Look at your attitude isn't it nasty
I'm gettin' sick and tired of being fascinated by your
body
You gotta look at your own personality
You gotta look in the mirror
Oh

Something is telling me that I should you
Or should I stay because that's what you tell me to do
But you must understand that you don't control this boy
You take me as some sort of dumb play toy

I'm tryin' to hold back the words that are coming from
me But if I don't let them all out soon I will Scream!
So you gotta

Look in the mirror and see what I see
Look at your attitude isn't it nasty
I'm gettin' sick and tired of being fascinated by your
body
You gotta look at your own personality
You gotta look in the mirror

Look, look, look, look, look, look, look
Just look, look, look, look, look, look, look
All you gotta do is look, look, look, look, look, look, look
For you own good look, look, look, look, looooooook!
Yeah

Look in the mirror and see what I see
Look at your attitude isn't it nasty
I'm gettin' sick and tired of being fascinated by your
body
You gotta look at your own personality
You gotta look in the mirror

Look, look, look, look, look, look, look
Look, look, look, look, look, look, look
