Let the light disseminate to the center core
Right to our heads

Hipocracy is part of the cycle
We get the glory of success from tribulation
We can build another new world
Family of our own
Where dreams are not deserted

Don't you defy it

Heedless nature holds...
Holds our endless days
But we choose not to be miserable

Heedless nature holds...
Holds our endless days
And we choose to mess the fold

Let the light disseminate to the center core
Right to our heads

Hipocracy is part of the cycle
We get the glory of success from tribulation
We shall build another new world
Family of our own
Where dreams are not deserted

Don't you defy it

Heedless nature holds...
Holds our endless days
But we choose not to be miserable
Heedless nature holds...
Holds our endless days
And we choose to mess the fold

All we should do...
Respect the essence of our existence

Breath as the wind blows

Heedless nature holds...
Holds our endless days
But we choose not to be miserable
Heedless nature holds...
Holds our endless days
And we choose to mess the fold
