"Waste Of My Time"

Why should I waste my time with you jumping around
acting stupid
Treating each other without any kind of respect
It's not my idea of having a great time
Looking back seeing yourself on pictures
Must have been a great time if you weren't drunk to
miss it!
Acid drinks through your body as it slowly kills you
Your whole existence will be thrown away
You're no good to anyone when you're drunk
It's a waste of my time It's a waste of my time, Waste of
my time,
Waste of my time 'Cause we all know what it does, what
it does to
Your body, It kills your spirit makes you sick numbs
your brain until
You can't think It's a waste of my time
