You're telling me lies
You're putting me down
You're starting to make me cry
You told me this morning
You love me so
But still I know you lie

You better stop girl
You better stop now

You're telling me lies
You're putting me down
You're starting to make me cry

You better stop
You better stop girl

You're telling me lies
You're putting me down
You're starting to make me cry

What happened last night
You was so real
And so much in love
What did I say to change your mind
And give me the brush

You better stop girl
You better stop now

You're telling me lies
You're putting me down
You're starting to make me cry

You better stop now
You better stop girl

You're telling me lies
You're putting me down
You're starting to make me cry

Alright

You're telling me lies
You're putting me down
You're starting to make me cry can't you see

Your told me this morning
You love me so
But still I know you lie

You better stop girl
You better stop now

You're telling me lies
You're putting me down
You're starting to make me cry

You better stop
You better stop girl

You're telling me lies
You're putting me down
You're starting to make me cry
You're telling me lies
You're putting me down
You're starting to make me cry
