

Quick And The Dead "Aim To Destroy"

Visit "[Aim To Destroy](#)" on MotoLyrics.com

We aim to destroy everything that we hold so dear
we say this peace with our hearts on our sleeves
So please keep your distance
From me

Come on

Why do we tear each other down
When we could bring people up?
Why do we always go around
Troubles at hand?
And if we go down in flames
We watch it burn as we die in vain
For what?

We aim to destroy everything that we hold so dear
we say this peace with our hearts on our sleeves
so please keep your distance
from me

Why do we always choose to drown?
we could swim to the top
Why do we always run aground
troubles at hand?
And if I go down in flames
Rip through my skin, sink into my veins
For blood

[Chorus]

How much can we take before it's too late?
How much can we take?
How much can we take before it's too late?
How much can we take?
We aim to destroy everything that we hold so dear
How much can we take before it's too late?
How much can we take?

And if I go down in flames
Rip through my skin, sink into my veins
For blood
