(Hey!)

We're in so deep we cannot see the end

(We're in so deep)

(Hey!)

We live with actions that we cannot defend

(Cannot defend)

(Hey!)

We burn this bridge to get through the fire

(Through the fire)

(Hey!)

We burn this bridge to get through the fire

(Through the fire)

We're wasting time with subtleties

But we've lost control

We've dug ourselves in so deep

With no escape from this hole

And who are you to lecture me?

(I am)

A prince that's been with burning embers so bright

(Burning so bright)

(I Am)

A way to focus through what we're in tonight

(We're in tonight)

(I am)

The hope inside to get through the fire

(Through the fire)

(I am)

The only way to get through the fire

[Chorus]

We burn this bridge to get through the fire

We burn this bridge to get through the fire

We burn this bridge to get through the fire (through the
fire)

We burn this bridge to get through the fire (through the
fire)

[Chorus]

Speaking of words that I can't understand
Can't understand

[Chorus]
