We've got it all but we can't see
(We've got it all but we don't got the shadow)
(How do we know where to start when we've let go)
We lost our friends but we
(We lost our friends but we don't seem to think so)
(Where do we run when we don't know where to go)

We're handed everything
We take for granted everything we get
And I just don't know why
But don't you ever think that we were friends
'Cause I'm a bad Samaritan
And I will watch you die
Tonight

We've got it all but we don't got the shadow
How do we know where to start when we've let go
We've lost our friends but we don't seem to think so
Where do we run when we don't know where to go
(where to go)

We're leaving everything
But taking everything that isn't ours to take
And I just don't know why
But don't expect this hate to ever end
'Cause I'm a bad Samaritan
And I will watch you die
Tonight

[Chorus 2x]

[2x]
Go on, go on and break his body down
You can see him in the ground
He's dead
Come on, come on and leave him in the dirt
To show him what he's worth
To show him what he's worth

[Chorus 2x]

We've got it all

Where do we run when we don't know where to go
Where do we run when we don't know where to go
