Behind the lies and everything you say to disguise  
There is so much more  
Iâ€™m waiting for  
And when the seasons change and rearrange  
The way you look at everything  
Are you listening to me?

[Chorus]

When no oneâ€™s there  
Confide in me, please  
And you canâ€™t turn your eyes away from me (Away)  
Watch out â€™cause Iâ€™m not okay  
And you canâ€™t turn your eyes away from me (Away)  
Watch out â€™cause Iâ€™m not okay

Behind the truth youâ€™ll find thereâ€™s very little to  
define  
Itâ€™s so simple  
What are you waiting for?  
With any luck youâ€™ll see  
That there is only mystery  
In front of you  
Itâ€™s what you do

[Chorus]

Iâ€™m not okay  
(Watch out â€™cause Iâ€™m not okay)  
Iâ€™m not okay  
Iâ€™m not okay

[Chorus]

Watch out â€™case Iâ€™m not okay  
Yeah!

[2x]

And you canâ€™t turn your eyes away from me  
Watch out â€™cause Iâ€™m not okay
