You keep falling for me  
You keep falling for me  
You've considered your options  
Now but you take it back  
You keep falling for me  
You keep falling for me  
God save me!  
I've considered my options and now I am falling

You keep falling with me  
Keep falling with me (You keep falling with me)  
You've considered your options  
Now you want me back  
(You want me back)  
You keep falling with me  
Keep falling with me (You want me back)  
God save me  
I've considered my options and now I am falling

You want me back  
You want me back (You want me back)  
You want me back (You want me back)  
You want me back

You want me back  
You want me back  
You want me back  
You want me back
