[Chorus: Kid D's]

I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Chorus: Damir - DamirWorld]

I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Verse One - Kid D's]

Drop the mic, give it up, I'm about to rock
Word on the street, I came to bring heat
I bring this joint to the test but I never take a puff
I rock the club and the street, its a clean sweep
Type my name on the net, you'll find me on top
Rhymes to the point, I rock your block off
You know I got respect, I knock your socks off
The day of release, I'm on the top chart
Whatever the game is, be who you are
No matter the dream kid, gotta reach far
People say to make it, its' one in a million
But what is a million, if you got a trillion
Songs
Bars
Hooks
Beats
I'm knockin' at your door and I won't take defeat
Better yet, open up, cause life ain't sweet
Rock Rock To This D.W. Beat

[Chorus: DamirWorld - D.W.]

I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Chorus: Damir]

I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Verse Two - Kid D's]

This sh** is for real, straight up, m*** f****
Haters blast me, shot past me, cause they dumber
It's hard to be real, if you really wanna make it
Others pop pills for fun cause they taste it
Whatever the game is, I keep shining through
Don't start a battle if you don't follow through

Love me or hate me, even get me banned
God gave me girls, put dollars in my hand
Now, whose the mac and who got the show
Got my girl and my cash, word up, lets' go
This Kid right here, is on a roll
Hit you with the flow, I'm about to go
Hard
Ill
Top
Notch
Jump on stage when I drop the hook
Better yet, hands up, so place your bets
Pop pop, to this, D.W. set

[Chorus: Damir]

I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Chorus: Kid D's]

I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Verse Three - Kid D's]

I got no friends, that's so small time
I got em followers, all mine
Why you bite my style and pretend to know me
Try to play yourself, worlds one and only

Got a name, blew up, gonna last
I kick it fresh, and grew up fast

I spit my flows, you need a vest
Got my status on

I'm so fly, I might just fly
I'm so high, I touch the skies
Flow so sick, I'm in a cage
Jump off stage, its my stage now

Its an underground event, I'll catch em by surprise
Inner city new kid, Damir on the rise

So what's new, Kid D's breaking through
One two, one two

[Chorus: Kid D's]
I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up

[Chorus: DamirWorld - D.W.]
I jump from the stage from street where I Rock.
I'm hot of this street from this beat that I drop.
This hook your be feeling cause I see you stand up.
I do what I like
All Hands Up
