Damir - Lawless

Take Take Take the big breaks
Walk walk the fine the fine line
Get Get Get want more
Stop Stop chit chat
Move Move rug rat
Kick Kick Kick the door mat
See See The Sea the sunlight
Use your heart light
Shine a way out
Play the tapes in your mind that you made
Take hold of each day for it comes your way
Playing games that you like you only fool yourself
So grab hold of life cause it's me and myself
And let go let of the rules
Turn right and never left
For you could be the king or the queen of the land
With no doors at your house to welcome the people

[Chorus]
What you think
What you feel
What you think
What you feel
What you think and feel
is LAWLESS
