[Chorus - Damir]

The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better
The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better

[Verse One - Damir]

What could be so bad?
If lightening struck
You got hit by a truck?
You got hit by a rock?
You lost yours shoes?
Don't know what to do
And now you got no money!

Locked my keys in the car with the motor running
Can't get far with the girls with no pay coming
Divorce is on its way but it's okay
Call the police. I'll call my lawyer

What could be so bad?
If you're sad you cry
If you hold your breathe too long you die
Cross the tracks the gate is down
And now you hear the whistle sound

Everybody knows when it rains it pours
Everybody know when it snows it's cold
Everybody knows when you snooze you lose
Better be safe than sorry

[Chorus - Damir]

The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better
The worse scenario the best outcome
It always gets worse before it get better

I hope it gets better
I hope it gets better

[Verse Two - Damir]

What can be so bad when the earthquake strikes
Time is tickin Tokyo is gonna drop
Your mind be flippin when buildings rock
You feel like you drunk when the ground pushes up
What can be so bad I got so much to do
I sit on my ass I do nothing its true
What can be so bad if life is such a bore
You gotta hate something to love some more

Locked my keys in the car with the motor running
Can't get far with the girls with no pay coming
Divorce is on its way but it's okay
Call the police. I'll call my lawyer
What can be so bad when you can't even eat
A piece of bread and there's six to feed
War in the news that's all that we see
The rich get richer and the poor get f***ed

Everybody knows when it rains it pours
Everybody know when it snows it's cold
Everybody knows when you snooze you lose
Better be safe than sorry

[Chorus - Damir]

The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better
The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better

[Verse Three - Damir]

What can be so bad let me think about it
If you think too much forget about it
Your odd's and end's can't met the means
Can't reach your goals and move from zero
You live your life like it's a circle
Talk about the hopes and not the hurdles
The more you learn the less you know
The more you do, you spread yourself thin, yo
What can be so bad if ignorance is bliss
The world can break you and your such a mess
You give too much people take too much
People in your life gotta add to your life

Locked my keys in the car with the motor running
Can't get far with the girls with no pay coming
Divorce is on its way but it's okay
Call the police. I'll call my lawyer

What can be so bad when all is lost
Trust got betrayed and the pressure is on
I met the rich of the rich and the poor of the poor
It's not what you do but it's who you know

[Chorus - Damir]
The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better
The worse scenario the best outcome
It always gets worse before it get better
I hope it gets better
I hope it gets better
