Sitting in my room
and I find I'm outa smokes.
All my money went to beer
so now I'm fucking broke
Need a drag of something
so I'm digging through the couch.
I roll up all the butts
from every ashtray in the house
I got a couple shitty smokes
but there's still a case of beer
I haven't gone this long
without a smoke in fucking years
with all this speed that's in my brain.
If I dont get some cigarettes
I'm gonna go insane.
Nic-fit! Nic-fit!
Nic-fit! Nic-fit!
Nic-fit! Nic-fit!
Sitting in my room
and I find I'm out of smokes.
All my money went to beer
so now I'm fucking broke
Need a drag of something
so I'm digging through the couch.
I roll up all the butts
from every ashtray in the house
I got a couple shitty smokes
but there's still a case of beer
I haven't gone this long
without a smoke in fucking years
with all this speed that's in my brain.
If I dont get some cigarettes
I'm gonna go insane.
