Verse-(guy)

Baby I've been watchin you  
I want you to know I'm feelin you  
Everything about you, your whole persona  
You got it all and I Really wantcha  
So when I put these words in ya ear  
Show me that you want me, Make it clear  
I'm Raisen the game for you now  
Baby don't let me down

Hook-

I get Butterflies(Everytime you smile at me)  
You presence takes me high (Its where I wanna be)  
I gotta be real with this( I'm being real wit you)  
You got somethin and I'm wantin it

Verse- (girl)

I must admit I've seen you eyeing me  
Across the way I feel you sizing me  
But I'm a girl that likes to speak her mind  
My beauty's lying on the inside  
I'm fallin for you with each word I say  
Walk in the room you seem to make my day  
But i wont stand for less than near perfection  
So just for you I'll make a small exception
