Adios  
Friendly and time was full  
She still left this comforting place  
Because of a pull  
Some of you know that pull  
I feel that pull  
Some of you know that pull

You can't hold me  
My weight's nothing  
I will fly you'll see

Leaves on the trees  
That is their place  
Leaves in a stream with it's flow  
Because that is their place  
There is comfort in movement  
A causation of my soul  
I feel that pull  
And I know that you know

I will fly  
You will see  
I will fly

You can't hold me  
My weight's nothing  
I will fly you'll see

I will fly  
A perfect course  
I will fly  
You can't stop me
