Don't ask me now  
I'll tell you later  
I'll think about it  
And I'll tell you later  
I'll figure it out, you say  
And I'll tell you later  
Don't ask me now

Missiles over mountains  
Crashing into backyards  
Is what I feel like  
Is what it feels like  
Missiles over mountains  
Crashing into backyards

I can direct the sun  
Turn out the lights  
Hold me closer  
Turn on the lights  
Not my fault  
Turn out the lights  
I need direction  
Turn out the lights

You are a sensor  
Illuminate my center  
You are my sensor  
Illuminate my sensor

You are my sensor  
I get direction  
Turn out the lights  
I get direction

Illuminate!  
I will see!  
Illumination!

Illuminate!  
I will see the light!

(Oh)

I need direction  
Turn on the lights  
Hold me closer  
Turn on the lights  
Now the mountains fall  
Turn out the lights  
I need direction  
Turn out the lights!

Illuminate!  
I will see the light!
