So many things are hidden  
A question that has no rhyme  
Walking in a circle  
Too many things we can't define  
Wandering thoughts  
Wonder what that must mean  
Mind finds no peace  
The whole keeps going, can't be seen  
We try to find our way out  
There's no escape from a mixed up life  
We keep trying to push on  
Just gotta let it burn  
Let it burn  
We gotta keep trying to push on  
Let it burn  
Existence lined  
With diligence it should make sense  
So simple it cannot be  
So empty it ends up dead  
Choking  
Seething  
We suffocate ourselves in shame  
Running from our dreams  
We try to find our way out  
There's no escape from a mixed up life  
We keep trying to push on  
Just gotta let it burn  
You feel that there's no way out  
That there's no refuge for you  
You feel that there's no way out  
That there's no end in sight  
To win you've got to shine  
Taste the life inside  
No holding back  
Past regrets can't breathe  
If not allowed to seize  
A lifetime full of promise  
Exquisite painting hides  
Mistakes and first drawn lines  
The colors that have run  
The canvas that has turned dry  
Never do

Never cry  
These are the words of those  
Who never had the guts to try  
We try to find our way out  
There's no escape from a mixed up life  
We keep trying to push on  
Just gotta let it burn  
Let it burn  
We gotta keep trying to push on  
Let it burn  
Time has a way of forgetting  
All the times we took wrong turns  
No need to keep on reliving  
Ready to burn  
Take a chance  
Just gotta keep pushing on  
No need to keep on reliving  
Gotta let it burn
