It's not profound to say fuck you X2  
To the ones that are out to get you X2  
It's not profound to say fuck off  
To the ones against you X2  
Are we listening fuck you X3  
To the swine that puts us out  
To raping us for cash  
It's not profound to scream fuck you X2  
To the ones that would lie to take you  
Fuck you  
It's not profound to scream fuck off  
Fuck off  
Are we listening fuck you X3  
To the swine that puts us out  
To raping us for cash  
Fuck you to the parking policeman  
To the ones that hold us back  
Phuckerman  
Phuckerman  
Fuck you & you X2
