You know, I can't see nothin' wrong with a little bump 'n
grind baby

You know, I can't see nothin' wrong with a little bump 'n
grind baby

I dont see nothin' wrong

You know, I can't see nothin' wrong with a little bump 'n
grind baby

I dont see nothin' wrong

You know, I can't see nothin' wrong with a little bump 'n
grind baby

Sit down on the couch, take your shoes off

Let me rub your body before I tear it off

The honey lover man is ready to fle, girl, flexa

Time to have sexa

We'll stop right here and work our way around

I won't stop until I hear the ooh ahh sound

Don't front you know about the rodeo show

So show me some ID before I get me deep into you

I don't see

I don't see nothin' wrong

You know, I can't see nothin wrong with a little bump 'n
grind baby

I don't see nothin' wrong

You know, I can't see nothin wrong with a little bump 'n
grind baby

I don't see nothin' wrong

You know, I can't see nothin wrong with a little bump 'n
grind babyv

I don't see nothin' wrong

You know, I can't see nothin wrong with a little bump 'n
grind baby

This is goin on till the early morn and my word is bone

So baby flex the thong, I got what you want, you got
what I need

Homie lover friends is all I want to be

It's the pretty brown, brown, drivin' me wild

Ooh, child things are gonna get a little freakier
And I will have you singin' like a mockin' bird
Word, don't front you know about the rodeo show
So show me some ID before I get me deep into you
I don't see

I don't see nothin' wrong
You know, I can't see nothin wrong with a little bump 'n
grind baby
I don't see nothin' wrong
You know, I can't see nothin wrong with a little bump 'n
grind baby

I don't see nothin' wrong
You know, I can't see nothin wrong with a little bump 'n
grind babyv
I don't see nothin' wrong
You know, I can't see nothin wrong with a little bump 'n
grind baby

Ah yeah, break it down this is the remix
On the wild tick comin' at ya for the 9-4
Check it out

Baby turn the lights off, I m gonna set it off
Drivin' you out of your mind with a little bump n' grind

I don't see nothin' wrong
You know, I can't see nothin wrong with a little bump 'n
grind baby
