Feat. Wisin & Yandel)

[R Kelly - Intro]

Ohhhhhhhhhhhh oooohhhh oooohhhhhh ohhhhhhhh

Burn it up

Girl make it hot like the roof is on fire

Burn it up

Girl the way you dance you are my one desire

Come on

So hot you're on fire (come on!) [x7]

[R Kelly]

When you roll it

I can't control it

And when you throw it

It's hard to catch it

And when you shake it

I pray you don't break it

And when you drop it

Girl I cannot take it

Something about the way you move (hey!)

Sweat is dripping all over you (hey!)

The way you let the beat take over you (hey!)

Baby don't stop keep it going make it hot (hey)

The way you put your back in motion (mama)

Oh I love the way you freakin' it (mama)

You got me comin' out of VIP (mama)

Cause you look like the girl in my dreams (mama)

I step up in the club first thing I see is you

freakin' it

Your eyes and body language tells me you want me to hit it

Well I say girl

Back that thing up to me

Closer (ohhhh)

A little closer (work it)

Come on and shake it on me now (work it)

Come on and work it on me now (work it)

Girl it's getting heated now (work it)

It's time to put this club on fire now

[Chorus " R Kelly]

Burn it up
Girl make it hot like the roof is on fire
Burn it up
Girl the way you dance you are my one desire
Burn it up
Girl I don't care if the whole place burn down
Burn it up burn it up burn it up

[Chorus "Yandel"]

Heyyyy
Calor, sudor (aww)
Bailando reggaeton
Calor, sudor (aww)
Sigue bailando y no pares
Calor, sudor (aww)
Bailando reggaeton
Calor, sudor (aww)
Pide mas, quiere mas, pegate y dale

[Wisin]

Sientan mi fuego muchacha
Dale guaracha
Tembleque tembleque pa que tiemblen las cachas
Crystal y Don Perion y se emborachan
Me encanta su facha
Le tiro y no se agacha
Rope el suelo, marshmellow
El duo de la historia con R Kelly en un duelo
Bello bello huella
Como la gata con mi reggaeton se suelta el pelo
W, R Kelly, Luny Tunes and Nelly
Yandel pon enfriar el Don Peri
Yo pongo las sacos y las hojas de blueberry
Esta to' ready chula pa' q te sude la
cherry
Luny Tunes!

[Chorus "R Kelly"]
