Oooooooooooh (I know what you're going through)  
Come to me ( I can see it in your eyes)  
Oh baby (c'mon)  
Come to daddy (you know I ain't got no problem with  
this)  
Ooooooh (just say the word, I come and get you)  
Come to me, yeah  
(whatever you want me to do, I'll do it for you)

Well it's obvious to me that he don't love you  
Baby can't you see I'm that player for you  
Baby talk to me help me understand  
How can you go on puttin up with this man  
Going out your way to make him happy  
don't appreciate all that you give  
Time to take a stand no more second chance  
If you feel this way than baby take my hand

Chorus Come to daddy let me  
Please your body tonight  
(since he) Since won't do it right  
Come to daddy let me (let me)  
Please your body tonight  
(since he) Since he won't do it right

It seems like everything you do for him just stop right  
Same got damn excuse

Got a head ake tonight  
How can you ignore  
The slammin' of a door  
Open up your eyes it's not the same no more  
Girl you need a life with someone who is gonna love  
you  
Treat you like god let you free and  
guide you  
Time to say ok  
About to make a change  
Don't mean no player hate  
But baby come my way

Chorus

All I wanna do is get next to you  
Baby I can understand what you're going through  
It don't have to be this way if you don't want it to  
Baby call him up and tell him that I'm leaving you'

Chorus 2x
