feat. Kelly Rowland

Let's do this dirty laundry, this dirty laundry
Let's do this dirty laundry, this dirty laundry
When you're soaked in tears for years, it never airs out

When you make pain look this good it never wears out
This dirty laundry, this dirty laundry

Burning in the aftermath
Over none of the city lights when my blind is on
Tryina drown on all the bullshit with my songs
Now I'm single but my singles come ok
But my singles not saying what I really wanna say
Burn, pain, afraid, toxic, down, loss, shame
So conscious, infamous clouds in the sky
Thunderous emotion in the middle of our ocean
Haven't eaten for days, haven't slept in weeks
Now you hear this record, you wanna speak

Oh, you wanted a remix, let's do this
Oh, you wanted a remix, let's do this
Let's do this right now
Let's do this right now
Let's just get it right out
You got something to say, say it to my face
So silence your mouth
This is off the record, this ain't for no radio
This ain't for no sales, no
I'm just tryina let a motherfucker know
This is off the record, this ain't for no radio
This ain't for no sales, no
I'm just tryina let a motherfucker know
Long story short, haters got in
Ain't nobody got no time for that, I'm trying to win
You tell them motherfuckers forever standing
Now please listen
We only got a moment 'fore ' do with my business
See, the truth of the matter is everybody can't do this
And that's why I got this shit talking all of these singles
on my hit list

Listen, baby, I've been growing
But I still remain standing tall, 90 stories, and that will
never change
And if I messed up so much I swear I should write a
book
And when I look at the TV I see goddamn, that's my
look
In the club with my cup up, yelling out turn the music up
Tryina drown out everything 'cause everything's so
fucked up
Success is like food and I got a big ass appetite
That's some child ass niggas, it's bed time, goodnight

Oh, you wanted a remix, let's do this
Oh, you wanted a remix, let's do this
Let's do this right now
Let's do this right now
Let's just get it right out
You got something to say, say it to my face
So silence your mouth

This dirty laundry, this dirty laundry
You wanted a remix, let's do this
Let's do this dirty laundry, this dirty laundry
You wanted a remix, let's do this
