Kells, you know I can't keep doing this, I got to say something  
You feel me, see I just can't keep living life confused,  
girl  
You gotta make a move, tell me something, 'cause I'm

First you wanna go then you wanna stay  
And then you wanna talk about it baby  
Put your bag down and pick your bag up  
And then you just walk out on me baby

If love were eyes, then I can see your future  
In what we're doing baby  
Girl I'm not trying to confuse  
Just wanna spend my life with you baby

Girl please tell me where do we go from here  
Girl, I wanna change your name to my name  
And I know you feel the same way so  
Girl let's just go, get far away from here  
Let it beat, let our hearts beat, take a deep breath

Now baby hold on and girl don't let go  
Yeah, just keep holding on  
Baby, we'll walk through the storm together, oh yeah  
Girl I promise you this love is forever

First you say you love me  
And then you say well, I don't know, what  
We both feel the same  
So baby what the hell, let's go, what

You holler at your friends, I'll handle the streets  
Let's just let them on, oh, what  
Girl I gotta be with you if I'm gonna be free  
'Cause you are my soul, yeah

Girl please tell me where do we go from here  
Girl, I wanna change your name to my name  
And I know your feelin' the same way too  
Girl let's just go, get far away from here  
Let it beat, let our hearts beat, just take a deep breath

Now baby hold on and girl don't let go  
You just keep holding on, oh yeah  
Girl we'll walk through the storm together, hey  
And I promise this love is forever

Although we come from two different worlds, oh  
Baby, that doesn't matter to me 'cause my world is you,  
yeah  
Whose gonna doubt that we would get this far  
And I don't care what the world may say,  
It's you and me against all odds

Hold on and baby be strong  
We can make it maybe if we just hold on  
We'll walk through the storm, yeah  
Just hold on, just hold on, hold on, just hold on

We're gonna make it babe, we're gonna make it babe  
We're gonna make it babe, we're gonna make it babe,  
what  
We're gonna make it babe, we're gonna make it babe  
We're gonna make it babe, we're gonna make it babe,  
what  
We're gonna make it babe, we're gonna make it babe  
We're gonna make it babe, we're gonna make it babe
