Don't you say no tonight
Don't you say no tonight
Don't you say no tonight
Don't you say no tonight

Cut the cheesecake with all of your friends and family
Who's gonna front the bill? Me
Valet your gator at the club plus buy you drinks
Who gon' show you love? Me

Spend lots of money winin' and dinin' in expensive
sweets
Compliments of who? Me
Open doors, take you to the movies, treat you like a
beauty queen
Now it's time to please me

Don't you say no tonight
Don't you say no tonight
Don't you say no tonight
Don't you say no tonight

Always droppin' you off at the beauty shop
Who's gonna pick you up? Me
I be's there, nigga you can call on around the clock
Who gon' be that thug? Me

Took you shoppin' down in Cancun, first class
Who gon' keep you frost? me
Buyin' flowers, actin' like we lovebirds
All I wanna hear right now is you sayin' the yes word

Don't you say no tonight
Don't you say no tonight
Don't you say no tonight
Don't you say no tonight

Baby say the words I wanna hear
This can be kept between me and you
Baby give me somethin' I can feel
I've waited long enough

Don't you say no tonight
Don't you say no tonight
Don't you say no tonight
Don't you say no tonight

I been doin' these things for you
Now what you gon' do for me?
I ain't tryin' to spend no cash
If you ain't spendin' that ass, no
I been doin' these thing for you
Now what you gon' do for me?
I ain't goin' down on you
If you ain't goin' down on me, no

I been doin' these things for you
Now what you gon' do for me?
Say you wanna take first-class trips
Well I wanna work those first-class hips, yes I do
I been doin' these things for you
Now what you gon' do for me?
You wanna ride all in my truck
But you don't wanna let me, you

Don't you say no tonight
Don't you say no tonight
Don't you say no tonight
Don't you say no tonight

Don't you say no tonight
Don't you say no tonight
Don't you say no tonight
Don't you say no tonight

Don't you say no tonight
Don't you say no tonight
