you used to be so many colors to me
now when i look at you,
all i see is clear
and nothing else in this world
mattered to me
just as long as i had you near
i step right off the highest mountain
thinking i can walk the sky
tell me and i would believe
but this would be the last time you make me cry
cause i can see you're nothing but a smoke screen

a ghost you're nothing but a ghost to me
a ghost and you don't exist no more
nothing but a ghost to me
a ghost and you don't exist no more
see you used to be my dream now all you do is haunt
me go, go go

i used to think heaven
when i looked at you
because you were an angel to me
but now all this hell that you took me through
baby, you lost your wings
i used to feel like i was on top of the world
with you i would go anywhere
but then i woke up at the bottom of the surf and saw
you both lying ahead

a ghost you're nothing but a ghost to me

a ghost and you don't exist no more
nothing but a ghost to me
a ghost and you don't exist no more
see you used to be my dream now all you do is haunt
me go, go, go

go, just go, just go, go

you used to love me
and now slowly i see u drifting
ever since you broke my heart in two

i don't wanna have nothing to do with you
and even though i still love you more
i've got to walk away from the heart
i've got my strength cause i can do this
scratch your name from my list

a ghost you're nothing but a ghost to me
a ghost and you don't exist no more
nothing but a ghost to me
a ghost and you don't exist no more
see you used to be my dream now all you do is haunt
me go, go, go

go, just go, just go, go

a ghost you're nothing but a ghost to me
a ghost and you don't exist no more
nothing but a ghost to me
a ghost and you don't exist no more
see you used to be my dream now all you do is haunt
me and go, go, go
