Now

Step to the left, step to the right  
Spin around and bring it down tonight  
Bring it on up, move in close  
Let me see you and your partner stroke

Step to the left, step to the right  
Spin around and bring it down tonight  
Bring it on up, move in close  
Let me see you and your partner stroke

Step to the left, step to the right  
Spin around and bring it down tonight  
Bring it on up, move in close  
Let me see you and your partner stroke

Step to the left, step to the right  
Spin around and bring it down tonight  
Bring it on up, move in close  
Let me see you and your partner stroke

Step to the left, step to the right  
Spin around and bring it down tonight  
Bring it on up, move in close  
Let me see you and your partner stroke

Step to the left, step to the right  
Spin around and bring it down tonight  
Bring it on up, move in close  
Let me see you and your partner stroke
