There's a sickness in the land, so heaven heal it  
There's a sickness in the land, so heaven heal it  
Ohh there's a sickness in the land, so we're reaching  
up our hands  
Heaven we need , you to heal it

There's a child crying out right now  
Oh Heaven we need you to heal it  
Oh there's a child crying out right now  
Heaven we need you to, heal it  
Heaven send your angels down  
Put peace in your heart right now

Ohh, We need (we need) you to (you to) heal it (heal it)  
Oh Heaven, We need (we need) you to (you to) heal it  
All the Land heaven, We need (heaven we need) you to  
(you to) heal it

Heal the land, We need (we need) you (you, you) to  
heal it

Ouh America  
Heal it  
And all the nations  
Heal it  
Politics yeah  
Heal it  
Families  
Heal it  
Planet Earth  
Heaven we need you to heal it
