Baby happy valentines yeah
You've been a lover and a friend of mine
And I'm still glad to meet you
'Though we've known each other all this time yeah
Is such a blessing how we've managed to get this far
Because nowadays the average couple would be apart
uh huh
Want to be each other's everything
I'm you king and you're my queen

And of course we're gonna go through somethings
(Cause that's what lovers do)
There will be some fighting and bickering (Between me
and you)
Ohh after all this have been done (Baby we'll make
love)
Listen how we go back on again (This is a message
from up above and it says)

(chorus):
Heaven chose you to be my valentine (Girl you're my
valentine oh yeah)
Heaven chose you (listen baby) to be my valentine (And
I'm so glad I'm so glad)
Heaven chose you (uh huh, uh)to be my valentine(In my
heart I believe it)
Heaven chose you(Heaven chose you)to be my
valentine

Every since that vow we made (baby)
I have not regreted one day (no)
And girl since we've said those words "I do" (I do)
You see my life has been a dream come truth
Two hearts beating as one
Oh is like a perfect match uh huh yeah

And I bless the day each morning comes
Cause the sun shines on me through your eyes

And of course we're gonna go through somethings
(Because that's what lovers do)
There will be some fighting and bickering (Between me

and you)
But ohh after all this have been done (Baby we'll make
love)
Listen how we go back on again (I've a message from
up above and it says)

(chorus):
Heaven chose you (heaven) to be my valentine (Ohh I
believe it)
Heaven chose you (heaven chose you girl) to be my
valentine (And I'm so so so so glad)
Heaven chose you (to be) to be my valentine (I believe I
believe down in my heart)
Heaven chose you (and I'm so thankful) to be my
valentine (oh oh..)

(Baby you are the witness)
Yeah I know, girl you're the witness to my life, yes you
are
(And I'll cherish every moment) Yes I will
Baby with you right by my side (yeah) I've got to notice
from upon high, it says that

(chorus)x2

Xala
