Baby, oh baby I know we had an arguementand all ooh  
babe and I must have said  
Some foul shit but mmm, mmm I just want you to know  
that I aint mean none of  
That baby, baby none of it now I was supposed to be a  
man about it shoulda  
Never left your side no way, no how put too many years  
in this realationship  
And its not that serios for us to split now I admit  
sometimes I make mistakes  
But still I appreciate the love we make stop at the door  
and put your bags back  
Down now baby please can we work this out now I may  
say you can walk(but i  
Dont mean it)and I might name call(I dont mean it)i  
may pull some silly  
Stunts(uhm mmm) but thats just a front, I dont mean  
it(now wait a minute hear  
Me out) now I may holla at you(I dont mean it)and I tell  
you were through (but  
I dont mean it, no,no)may give you looks that could  
kill(can kill) but its  
Not for real(not for real) I dont mean it(I dont mean it  
hey)now I was  
Supposed to be more understanding instead of trying  
to be so damn demadin baby  
Im willin to drop  
My ego and do the things I should have done and more  
see I know that I can be a  
Better man girl all you gotta do is take my hand  
promise this time Im goin all  
The way and show you all the reasons why you stayed  
(repeat tne verse with now  
You can say you can walk) see I never meant to break  
you down and make you cry,  
Make you cry oh please baby please turn back around  
dont say goodbye, goodbye  
Sometimes I know that I can take it just a little to far but  
yo my heart is  
Good heart is good so baby you dont have to worry  
youre gonna see a change  
Girl you know I love ya even though I may ( repeat

hours until end)
