Close your eyes, now relax your mind  
Now I want you to picture yourself far, far away  
(Throw your thoughts aside, 'cause we're about to take  
a ride)  
And I don't want you to have a care in the world right  
now  
It's just you and me, in this moment, quiet, listen

Baby, take your mind into a zone  
Imagine that we're all alone  
Two ways off and our friends are gone  
Now picture you and me getting it on

Take my hand and come with me  
Let's indulge in fantasies  
Cast your cares and worries  
And slowly fall into this ecstasy

I'm gonna rub your body, so baby, just relax  
You've been pouring out your lovin'  
And now it's time to pour it back

Imagine that  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
All night long me strokin' your body, imagine that  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)

Whipped cream and strawberries, know what I mean  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
Candles and oils surroundin' the bed  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
And me kissin' your body from feet to head

Imagine that, we don't have to talk  
Lay your body here and watch my fingers walk  
Take a second and imagine the opportunity  
You and me sharin' sexual energy  
Now girl, just meditate on you being in this chair

Then close your eyes and act like we not even here, girl

I'm gonna rub your body, so baby just relax  
You've been pourin' out your lovin'  
And now it's time to pour it back

Imagine  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
Me stroking your body  
(Imagine that, imagine that)  
Imagine that  
(Imagine that, imagine, imagine that)

Strawberries and whipped cream, you know what I  
mean  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
Candles and oils surroundin' the bed  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
Me kissin' you from feet to head, yeah

You like that?  
Yeah, I like that

(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
Baby, that I'm strokin' your body, imagine that  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)

Strawberries and whipped cream, imagine that  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)  
Ooh baby, candles and oils surroundin' the bed  
(Imagine that, imagine that)  
(Imagine that, imagine, imagine that)

Imagine, I'm takin' off my clothes, baby  
(Imagine that)  
Hey, do it, baby, take off all your clothes, baby  
(Imagine that)  
Hey, 'cause you owe me, baby  
And I want you, baby, so let it take control  
(Imagine that)

Hey, baby, let it take control, ohh  
(Imagine that)  
Imagine that I'm kissin' you  
(Imagine that)

From feet to head, it's you and me in the bed

Scream it, baby

(Imagine that)

Say my name, say my name

Say my name, say my name

(Imagine that)

Say my name, oww
