La la la la la, la la  
Oh, yeah, yeah

Where there's no sun, there is that girl  
She is the one, that spins my world  
When I am down, she makes it better  
When there are clouds, she'd change the weather

My wishing well, my peace and my glory  
As a fairytale, then she is my story  
When I feel drained, her love is like a fountain  
And when I'm weak, she could move mountains

I never felt a love no, this way  
I never felt a kiss no, this way  
I never felt joy, this way  
Till my lady Sunday came

Oh, I am her crown, and he is my sky  
If life is a rope, then she is my ride  
When I'm in pain, she's my good feeling  
When I am sick, she brings me healing

Whenever I call, she is right there  
And when I fall, she says a prayer  
When it comes to making love to me, she knows how to  
do it  
Introducing Mrs. Music

I never felt a love no, this way  
I never felt a kiss no, this way  
I never felt joy, this way  
Till my lady Sunday came

La la la la  
Miss Got-Me, Miss Righteous, Miss Hallelujah  
La la la la  
Take my hand, and be my Mrs. Future  
La la la la  
'Cause your loving yeah, makes the groove much  
better  
La la la la

As long as we got music, as we got music  
As long as we got music, we'll dance forever

I never felt a love no no no, this way, oh  
I never felt a kiss no, this way  
I never felt joy, this way  
Till my lady Sunday came

I never felt a love, this way, no  
I never felt a kiss no, this way  
I never felt joy, this way  
Till my lady Sunday came

I never felt a love no, this way (I never felt a love this way)  
I never felt a kiss no, this way (No no, said I never felt a kiss, no no)  
I never felt joy, this way (No no no, I never, felt joy this way)  
Till my lady Sunday came (Till my lady Sunday came to me)

I'm so glad, glad  
That I would shout
