"Leap Of Faith"

There is strength deep inside me that I never knew I
had
There's a fire within burnin' bright
There is a love inside of me that I never thought I'd feel
Until the day you came into my life, yeah

And it was you that were there when no one else was
And you show me a love unknown, ooh

You kept the fire burnin'
You kept hope alive
And when my soul was fallin'
You helped me to survive
And you led the way
Encouraged me to take that leap of faith

There's a dream that I dream, I never knew it would
come true
There's a place I never thought that I would be (Ooh)
There is a chance (There's a chance) that I took
(That I took) that I never thought I'd take
Until you came and helped me to believe, oh...oh...

You were there when no one else was
And you showed me a love unknown

You kept the fire burnin'
And you kept hope alive
And when my soul was fallin'
You helped me to survive
And you led the way
Encouraged me to take that leap of faith (Of faith, of
faith, of faith, of faith, ooh)

Leap of faith
Oh, yeah
Oh...oh...oh...oh...

You showed me just how
{How to believe in me} In me, oh...
You moved that tree and tore that forest there for me
You kept the fire burnin' (You kept it burnin')

You kept hope alive (You kept hope alive)
And when my soul was fallin' (My soul was fallin')
You helped me to survive (Yeah, you helped me to survive)
You led the way
Encouraged me to take that leap of faith, yeah

You kept the fire burnin' (Woo)
You kept hope alive (You kept the hope alive, yeah)
And when my soul was fallin' (My soul was fallin')
You helped me to survive (But you helped me to survive)
You led the way
Encouraging me to take

The fire {Everybody}, hope {All my life}
My soul {Someone's callin'} with you {I'll survive}
You led {Go away}, encouraged me {To take}
That leap of faith and make it over
Now I owe my thanks to you, ho...oh...

You kept the fire burnin' (Woo, hey)
You kept hope alive (You kept hope alive)
When my soul was fallin' (When my soul was fallin')
You helped me to survive (Ooh...you helped me to survive)
Oh...yes, you did
Pushing me to take that leap of faith

You kept the fire burnin'
You kept hope alive
And when my soul was fallin'
You helped me to survive
Oh...oh...oh...oh...
