Yo I wanna talk about tonight  
Later on what gonna be happening?  
You and me listen

I hear ya body callin' Kelly rescue me  
Girl you a prisoner and you need to be set free  
Ya body speaking words that only my body can hear  
I feel the time is right 'cause we're alone up in here  
Staring at me as if you want me right now

Girl I know exactly what you need  
(I know what you need)  
So many nights I've dreamed of laying you down  
Because you're a special lady  
And tonight I'm gonna be making you my baby

Make you my baby, make you my baby  
(Tonight I'm gonna make you mine  
Make you my baby, make you my baby  
(Gonna be my girlfriend)

Make you my baby, make you my baby  
(Tonight)  
Make you my baby, make you my baby  
La de da da da da

Baby your voice is whisperin'  
Tellin' me to take control  
Our hearts are beating fast  
As we're taking off our clothes

Girl I can feel the heat getting strong  
We startin' to sweat, baby you and me  
Makin' history sexually, girl you're starin' at me  
Staring at me as if you want me right now

Girl I know exactly what you need  
(Exactly what you need)  
So many nights I've dreamed of laying you down  
Because your a special lady  
And tonight I'm gonna be making you my baby

Make you my baby, make you my baby  
(Tonight I'm gonna make you mine)  
Make you my baby, make you my baby  
(Gonna be my girlfriend)

Make you my baby, make you my baby  
(Tonight)  
Make you my baby, make you my baby  
La de da da da da

Listen baby  
(You will be)  
After tonight you'll be  
(You will be)

Baby a part of me  
(You will be)  
And we'll make history  
(You will be)

Baby sexually  
(You will be)  
Girl dis chemistry  
(You will be)

Will last us eternity  
(You will be)  
Because your a special lady  
(You will be)  
And tonight I'm gonna be making you my baby

Make you my baby, make you my baby  
(Gonna be my baby)  
Make you my baby, make you my baby  
(Gonna be my girlfriend tonight)

Make you my baby, make you my baby  
('Cause girl ya so right for me, yeah)  
Make you my baby, make you my baby  
(My baby)

Make you my baby, make you my baby  
(We'll make love through the night)  
Make you my baby, make you my baby  
(Straight through the morning)

Make you my baby, make you my baby  
(And straight through the evening)  
Make you my baby, make you my baby  
(Baby we'll still be comin')

Make you my baby, make you my baby  
(Yes we will)  
Make you my baby, make you my baby  
(Ooh)
