feat Jeremih

Drinks up, â€¦
They wanna leave, nobody here, nobody here
Won't you go and make them wait

Been misunderstood girl yes
Thought you were the good girl
You know you do it so hood, hood, hood, hood
Making out this is our first time
Excuse me been here once before
You know you do it so good, good, good, good, yeah
I'd like to get to know you lady, lady
You're with your friends, but they acting shady, shady
Darling don't you hear what I'm saying, saying
Baby girl happy but lately
Right after tomorrow she rolling me crazy
Passenger side, you should come up in a Mercedes
I'm gonna ride with you all night long, whoa
Not too many know what you are yeah

Been misunderstood girl yes
Thought you were the good girl
You know you do it so hood, hood, hood, hood
Making out this is our first time
Excuse me been here once before
You know you do it so good, good, good, good, yeah

Turn it up, live awake
Smack it up, and we make
It's the home of, it's the home of, outta here

Baseball bat, beat it up like that
Not the pussy right out of the park
And it's outta here babe, outta here babe
Once I'll get your body off in the dark
Whoa, first round, I'ma go another round in it
Can't swim so I'm about to drown in it
Came so consistent, girl I got a maestro
He's an assistant, I am a â€¦ chair, yeah, yeah, yeah
Tell me this, don't you want a â€¦ chair, yeah, yeah

Then Shawty let's go
If you like all this music, then put it on my lap and let's
do this
Cinderella Shawty you's the cutest
And if you freaky like me, then the shoe fits
Red bottoms that's all, everything else off
Girl we can have drug sex, whatever alcohol
Then wake up in the morning with a big hangover,
But it ain't over, Jeremih

Been misunderstood girl yes
Thought you were the good girl
You know you do it so hood, hood, hood, hood
Making out this is our first time
Excuse me been here once before
You know you do it so good, good, good, good, yeah

Come on and sit on my lap, lap, lap, lap
Come on and sit on my lap, lap, lap, lap
Baddest tough talking the tone, tone, tone
Whisper in my ear, what you gonna, gonna, gonna
Do to a nigga till the morn, morn, morn,
You and a nigga till the morn, morn, morn
Swear I never knew what you be on, on, on
But now I know, Chris make you bounce, bounce,
bounce
God damn
Misunderstood, give me a little time I know that I could

Been misunderstood girl yes
Thought you were the good girl
You know you do it so hood, hood, hood, hood
Making out this is our first time
Excuse me been here once before
You know you do it so good, good, good, good, yeah.
