Whats up baby  
Come here  
i wanna taste  
I love the way your body feels next to mine  
Let me explain

Temperature's Rising  
And your body yearning for me  
Girl Lay it on me  
I place no one above thee  
Oh take me to your ecstasy  
It seems like you're ready

Seems like ur ready  
Girl are you ready  
To go all the way  
all the way  
(repeat 1X)

I can smell your perfume  
Step into my bedroom  
let me love you constantly  
Oh your body is my playground  
Let me lick you up and down  
Make you feel like a woman should  
It Seems like ur ready

Repeat chorus(2X)

Look in the mirror  
Nw come a little bit closer  
dont be scared  
Im not gonna hurt you  
I wanna do all the things you want me to do to you  
Baby I wanna make you feel real good

Oh It seems like ur ready

Repeat Chorus (3X)  
So are you ready  
For my loving babe

Im gonna make you feel so good  
But there's one thing  
Id like to know is  
Do you want it babe  
Do you need it babe  
Id like to know if I'm the one that you're preparing for  
Tell Me babe  
Am I the one you want  
Am I the one you need  
I just gotta know right now..right now  
Cause it seems just like youre ready  
just like youre ready babe  
And I dont wanna make no mistakes at all  
But it seems like yoyure ready  
come here baby  
Hey there lady  
Im willing to bet my life that youre ready  
And I promise I'll be good to you baby

(song fades)
