Slow dance

(Slow dance)

I just wanna slow dance with you

Slow dance

(Slow)

Oh, oh, oh, oh

Hey Mr. D. J., why don't you slow this party down?

(Slow it down)

The ladies in here are fly

(Cuties go by)

And there's one who's caught my eye

(One who's caught my eye)

I wanna pull her close to me

(Pull her close to me)

And whisper sweet things in her ear, oh, yeah

'Cause tonight I'm full of fire, baby, oh, yeah

(Full of fire)

And you're the only one my heart desires, baby, woo

(You're the only one I wanna slow dance with)

(Girl I wanna slow dance)

Girl, you're the only one

Hey Mr. D. J., why don't you slow this party down?

(You're the only one I wanna slow dance with)

Ooh, let the record spin

Now baby, take my hand, ho, oh, oh

(I just wanna slow dance)

Let the music play

(Let the music play)

'Cause I wanna get it on, oh, oh

Put your arms around me, baby, ooh, yeah

(Arms around me)

And let's start a slow grind, grind

I'm gonna rock and roll and rock it all night long, baby,  
baby

What you're giving me is a feeling so strong, so strong

Feel my nature rise, girl

(Feel my nature rise)  
I'm gonna make you feel good tonight, you're the only  
one

I wanna slow dance with you, baby  
(You're the only one I want to slow dance with)  
(I just wanna slow dance)  
D. J. let the record spin around real nice and slow, yeah

Baby, let's slow dance right now  
(You're the only one I want to slow dance with)  
(I just wanna slow dance with you)  
All you gotta do is take my hand and let me, woo

(Let me lead you to the middle of the floor)  
Ooh, baby I'll put my arms around you slow  
(I'll put my arms around you and I won't let go slow)

I wanna slow dance with you, baby, with you and only  
you  
(You're the only one I want to slow dance with)  
(I just wanna slow dance)  
Hey girl, come and take my hand run and tell the D. J.  
(You're the only one I want to slow dance with)  
(I just wanna slow dance with you)  
To put a nickel on the needle so the record won't budge

See, it's one o'clock in the morning  
(You're the only one I want to slow dance with)  
(I just wanna slow dance)  
And the party's just beginnin', yeah  
And I wanna slow dance with you, baby, before the  
night is through

(You're the only one I want to slow dance with)  
See, I've been watchin' you  
(I just wanna slow dance with you)  
And I know you've been watching me too
