Listen,
I don't even want to sing this song,
Matter of fact,
I'm just gonna talk through this,
But, imma talk on notes,
But, what imma be saying, is the realest,
Listen

First, I, pop open a can of red bull, then I
Mix with some Belv and pour it all over you,
Once I get your body tweaking, girl I,
Drop to my knees, and then I,
Then I proceed on this mission to drive you, wild,
Break out all the candles, oils and hot towels,
I can feel you scratching my back, while I'm on top,
Damn Girl

[Chorus]
Said you know the sex is good when your making those
faces,
And you know the sex is good when your going all
baby,
And you know the sex is good when your body's havin
fits,
Toe curling, screamin out, son of a bitch.

Said you know the sex is good when your cummin for
the fourth time,
And you know the sex is when you can't get it off your
mine,
And you know the sex is good when you tell your best
friend,
The room was steamin, I was screamin, son of a bitch
[/Chorus]

Now 2 hours later we're still goin at it,
Girl from the basement all the way up to the attic,
Tease you up in till you tell me Kell I wanna grab it,
And that's when I gonna bend you over, girl I'll let you
have it

[Chorus]

Said you know the sex is good when your making those
faces,

And you know the sex is good when your going all
baby,

And you know the sex is good when your body's havin
fits,

Toe curling, screamin out, son of a bitch.

Said you know the sex is good when your cummin for
the fourth time,

And you know the sex is when you can't get it off your
mine,

And you know the sex is good when you tell your best
friend,

The room was steamin, I was screamin, son of a bitch

[/Chorus]
