Chorus:

All the money I spend
All the places I been
I can't forget you babe
Here's life without you
Working hard for this loot
Girl I wanna spend it with you
I want you with me babe
Here's life without you
Baby through all the ups and downs
You were a lady
I wanna show you how I love you
Baby you deserve the very best
And I'll give it to you only you
How can I show you that
Only you satisfy everything that you do
Baby girl, anything that you want
I'll give it to you
Just promise me forever, Boo
Chorus
Baby, I can't imagine life without you
With me, I never want to be without you
Baby, I want you to believe it's true
All that I do, I do for you
How can I show you that
Only you could satisfy, everything that you do
Anything that you want
I'll give to you
Just promise me forever, Boo
Chorus
Don't know why you stayed by my side for so long
So I dedicate, baby, in every way
All my heart and soul
It all belongs to you
Chorus 'til fade
